

Wellness Policy Assessment Tool and Report Template

Background

Federal regulations at [7 CFR 210.31](#) require local education agencies (LEAs) participating in the National School Lunch Program to complete an assessment of their local school wellness policy at least once every three years and make the results available to the public. This triennial assessment must measure the implementation of the local school wellness policy and include:

- The extent to which schools under the jurisdiction of the LEA are in compliance with the local school wellness policy;
- The extent to which the LEA's local school wellness policy compares to model local school wellness policies; and
- A description of the progress made in attaining the goals of the local school wellness policy.

LEAs may use a variety of methods to assess compliance and determine progress of their goals and objectives. Action planning documents that contain timelines, goals, and key tasks may assist in assessing changes over time. For example, the [School Health Index](#) (SHI) from the Centers for Disease Control and Prevention is a comprehensive self-assessment tool that helps with action planning and recordkeeping (a shorter version of the SHI is available from [Alliance for a Healthier Generation](#)), and the [WellSAT 3.0](#) is an online tool that indicates the strengths and weaknesses of your written policy.

Triennial Assessment Tool and Report Template

When completed in full, this form may serve as both a triennial assessment tool and public report to meet the requirements in federal regulations and prepare for the Administrative Review by the Pennsylvania Department of Education (PDE), Division of Food and Nutrition. This document is intended to be completed using LEA-level information; however, the LEA may determine that a report from each school site, or alternatively, each school level (i.e., elementary, middle, high school) works better in assessing compliance and progress over time. For larger school districts, reporting on a district level may be challenging due to variation in sites' programs and progress in attaining wellness goals. If completing this report for the entire LEA, answer questions using the best available information and consider noting individual building variations or concerns in the "notes" sections.

In the left columns, indicate whether the listed goal or practice is included in your local school wellness policy. **Bolded** policy elements are required by federal regulation. When bolded items are not in the local policy, include an explanation. This tool uses the Pennsylvania School Boards Association's school wellness policy template (available on PDE's [Local School Wellness Policy Information webpage](#)) as the model wellness policy for comparison purposes, but it can be used regardless of the template used to develop your local policy.

In the right columns, indicate implementation of the goal or practice at schools within the LEA. LEAs are always encouraged to develop additional policy elements and goals for schools under their jurisdiction to create a supportive environment for student nutrition and physical activity.

Space is provided at the end of the form for the LEA to describe the progress made in attaining the goals of the local school wellness policy as required.

Other goal (describe):

Continue to keep students active as much as possible. Develop new after-school programming for interested students. Examples- Fitness Nights. voaa. Zumba. basketball. Volleball. etc.. etc..

Notes on goals for physical activity:

Students are able to participate in their District sports programs. Based on our student population some of these questions are not applicable. Our students get much of their physical activity during Mental Toughness or at their Construction Service Site. We continue to encourage our students to be active. Walking to an from Service Site.

Physical Education (PE)

<input checked="" type="radio"/>	<input type="radio"/>	We implement a PE program consistent with state academic standards. All students participate in PE.	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
<input checked="" type="radio"/>	<input type="radio"/>	PE instruction promotes skills and knowledge necessary for lifelong physical activity.	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
<input checked="" type="radio"/>	<input type="radio"/>	PE classes provide the means for students to learn, practice, and be assessed on developmentally appropriate skills.	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
<input checked="" type="radio"/>	<input type="radio"/>	Our curriculum promotes both team and individual activities.	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
<input checked="" type="radio"/>	<input type="radio"/>	We offer a comprehensive PE course of study with planned instruction time for students to meet standards at the proficient level.	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
<input type="radio"/>	<input checked="" type="radio"/>	We use a local assessment system to track student progress on state standards. Students are moderately to vigorously active as much time as possible during PE class. Accommodations are made in class for documented medical conditions and disabilities.	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
<input checked="" type="radio"/>	<input type="radio"/>	We provide safe and adequate equipment, facilities, and resources for PE class.	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
<input type="radio"/>	<input checked="" type="radio"/>	Certified health and PE teachers teach our classes.	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
<input type="radio"/>	<input checked="" type="radio"/>	We provide professional development for PE staff.	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
<input checked="" type="radio"/>	<input type="radio"/>	PE classes have a teacher-student ratio similar to other courses for safe and effective instruction.	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
<input checked="" type="radio"/>	<input type="radio"/>	We do not use or withhold physical activity as a form of punishment in PE class.	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

Report on the progress made in attaining the goals of the wellness policy (REQUIRED):

We met on October 6, 2021 and June 8, 2022 to review and assess the Wellness Policy. We will implement more Nutrition Education in Mental Toughness. Getting the parents more involved. We plan to implement the goals we stated above and meet quarterly to evaluate our progress. It is very important to have the students and parents involved in our wellness process for the school.

The parents and students who were involved were very engaged in the process.
